Glitchy Brunch

maybe? TBD?

All events are free and open. We are a community of, and in solidarity with, people from every gender identity and expression, sexual orientation, race, ethnicity, language, neuro-type, size, ability, class, religion, culture, subculture, political opinion, age, skill level, occupation, and background ¹. We are all curious, frustrated, interested, enthralled, hypnotized, invested, enchanted, furious, delighted, and/or excited by glitches and breakages from normative flows.
